Information & Guidelines

DIVISIONS: The meet is divided into two divisions: Division I is comprised of schools classified as 5A, 4A, and 3A and Division II is comprised of schools ranked as 2A and A according to the OSSAA Academic Bowl classifications (please refer to the classifications posted on our website).

ENTRY FEE: No entry fee required.

NUMBER OF ENTRIES ALLOWED: Students are not limited to the number of tests they may enter for which he/she is eligible if the schedule permits. **Schools are limited to entering three students per testing section.** Each student is responsible for taking the test in which he/she has been entered. Please make sure students are not scheduled for more than one test per testing hour.

TESTING: All tests are for students that have completed coursework for the particular testing section. Students are not eligible for testing in a particular section if they have or are currently taking a course in which they receive college credit. SSC is not responsible for monitoring each student's eligibility for testing sections. All High School Counselors or Academic Coaches need to enroll their students in the proper testing sections so unfair advantage is not given. **Each Test is 50 minutes long with 10 minutes in between to get to the next test.**

GUIDELINES:

1. Please read the Test Descriptions (pages 7-8) and follow the instructions on completing and submitting the student registration form. (Student Registration Form an Excel spreadsheet is found on our website's Interscholastic Meet link).
2. **All entries must be in by March 4, 2016. Your school may not register on the day of the meet.** Art and Photography contestants need not be listed (see specific rules for the Art and Photography contests on pages 5 and 6).
3. Changes may be made by calling: Melinda Sims at (405)382-9604 or emailing: m.sims@sscok.edu. **No changes or substitutions to the original entries will be allowed after March 9, 2016. No exceptions.**
4. An information table will be available outside room 700/701 located in Tanner Hall. A hospitality room for sponsors is provided in the Mirror Room located in the Student Union.
5. Each student participating should bring two soft lead (#2) pencils.
6. Please notify students that they **must clearly print their name, school, and division** on scantrons, test answer sheets, and on any Art and Photography entries. ***If the information is illegible or omitted, students may be disqualified.***

QUESTIONS:

Contact Melinda Sims at (405) 382-9604 or e-mail m.sims@sscok.edu

Inclement Weather Advisory: In case of threatening inclement weather, stay tuned to OKC TV stations 4, 5, 9, and 25; Ada TV Station 10; and the schools website www.sscok.edu.

AWARDS

Medals will be awarded for students placing first, second, and third place in each division, for each testing section.

A Divisional Sweepstakes Trophy will be awarded to the school with the best overall point record in Divisions I and II. A Plaque will be awarded to the school that places second in overall points in Division I and II. Points will be awarded to the top five scorers in each testing section as follows:

First Place = Five Points

Second Place = Four Points

Third Place = Three Points

Fourth Place = Two Points

Fifth Place = One Point

No points will be awarded in the Art and Photography contests. Please see pages 5 & 6 for complete details on the Art & Photography contest and awards.

Awards will be available to pick up starting the day after the meet.

If awards are not picked up they may be mailed to the high schools or a Seminole State College representative may contact each high school and request a representative to make arrangements to pick up their schools awards at the Student Affairs office.

To get test results:

Counselors and students may get instant test results or meet information via text message.

To receive messages via text, text @intsch2015 to (405) 254-4146. You can opt-out of messages at anytime by replying, 'unsubscribe @intersch'.

RULES FOR ART

CATEGORIES:

1. **PAINTING** - watercolors, tempera, acrylics, oils and mixed media

TESTING DESCRIPTIONS

ACCOUNTING - The test will cover the complete accounting cycle and accounting vocabulary. There are a few calculations on the test. Calculator is permitted.

ALGEBRA I - This test will consist of questions over real numbers, solving linear equations, graphing, analyzing equation, inequalities, polynomials, factoring, quadratic & exponential & rational equations. Calculators approved by ACT may be used. Students must be enrolled in Algebra I in this academic year.

ALGEBRA II - This test will consist of questions over solving equations and inequalities, linear relations and functions, systems of equations and inequalities, polynomials, quadratic functions, polynomial functions, rational equations, and logarithmic relations. Calculators approved by ACT may be used. Students must be enrolled in Algebra II in this academic year.

BUSINESS (GENERAL) - The test will cover basic business information such as forms of business organization, elementary economics, and financial and managerial concepts.

CALCULUS - The test will consist of questions over limits, derivatives, differentials, indefinite and definite integrals, conic sections, and applications of derivatives and integrals.

CHEMISTRY - Questions on the test will be on high school level with the exception of a few cognitive-type tie-breaker questions.

CIVICS - The civics test will deal primarily with the seven articles, Amendments and Civil Liberties, and the history of the writing of the Constitution.

COMPUTER SCIENCE - The computer science test will consist of questions over basic knowledge of computers, the history of computers, system and application software, storage, networking, and security. The computer science test will not be tailored to any particular computer system.

GEOGRAPHY - This test will cover physical, cultural, political, and economic aspects of world geography.

GEOMETRY (PLANE) - This test will consist of questions over triangles, parallel lines, polygons, quadrilaterals, circles, inductive and deductive reasoning. Calculators approved by ACT may be used. Students must be enrolled in Geometry in this academic year.

GRAMMAR - This test will cover parts of speech, agreement of subjects and predicates, punctuation, correct verb usage, essential elements, sentence structure, and kinds of sentences.

HEALTH-WELLNESS - This exam will test knowledge of relevant health problems in our culture, i.e., drugs, fitness, human sexuality, and other pertinent issues.

HISTORY (OKLAHOMA) - This test will cover Oklahoma history since statehood as well as the state Indian movements.

HISTORY (U.S.) - This test covers both Colonial and recent American History.

HISTORY (WORLD) - This test will cover general topics in world history, with a major concentration on European history.

LITERATURE (AMERICAN) - The objective questions will cover the history of American poetry, drama, and fiction.

LITERATURE (ENGLISH) - Objective questions will cover all general areas of English literature. Extensive familiarity with English drama, poetry, fiction, and history is assumed.

PHYSICS - Questions on the test will be on high school level with the exception of a few cognitive type tie-breaker questions.

PSYCHOLOGY - Questions on basic terms and concepts in applications, research, and theory in general psychology will be covered. Question difficulty will vary in some instances to identify the more knowledgeable student(s).

READING - The reading test will test the skills in the areas of rate, vocabulary, and comprehension.

SCIENCE (Biology) - Questions will be on the high school level, with the exception of a few cognitive type tie-breaker questions.

SCIENCE (Physical) - Questions will be on the high school level, with the exception of a few cognitive type tie-breaker questions. The physical science test is for students who have not taken, and are not currently enrolled in physics or chemistry.

SPANISH I - The entire exam is in Spanish with directions in English. The questions range from the very simple to more difficult for the beginning student. The majority of the exam is present indicative, but also includes preterit tense. The exam also includes basic grammar including direct and indirect object nouns and pronouns and demonstrative and possessive adjectives. This test is for students currently enrolled in High School Spanish I. Students are not eligible to enter contest if Spanish is their native language, or is spoken in the home.

SPANISH II - The entire exam is in Spanish with directions in English. The majority of the exam is in preterit and imperfect tense, but also includes much of the present indicative. The exam also covers reflexive verbs, double object pronouns, relative pronouns and comparatives and superlatives. The Spanish II test is for students currently enrolled in High School Spanish II. Students are not eligible to enter contest if Spanish is their native language, or is spoken in the home.

TRIGONOMETRY - This test will consist of questions over angles, right triangles, radian & circular measure and functions, graphs and identities. Calculators approved by ACT may be used. Students must be enrolled in Trigonometry in this academic year.

VOCABULARY - This exam tests the skills of participants in vocabulary. Common prefixes, suffixes, and root words will be included.
