Eastern Oklahoma State College, Carl Albert State College, Connors State College, Murray State College, Seminole State College and Southeastern Oklahoma State University.

The event was part of a statewide initiative that brings together local legislators, college and university presidents, and community leaders in a forum to discuss higher education's goals, initiatives and agenda for the upcoming legislative session.

"Our message to legislators was one of expressing thanks for their past support, as well as explaining our future needs. Seminole State College plays a vital role in our community and in the state system of higher education, as do the other colleges and universities in this area, and we need to make certain that our students are an important priority in the coming legislative session," Utterback said.

Seminole State College **2009 Highlights**

- **TEN-YEAR ACCREDITATION!!** After years of planning and preparation, SSC completed an extensive self-study process, submitted an outstanding written report and hosted four higher education consultant/evaluators for a site visitation. Results were glowing reviews of our work and the recommendation from the visitation team for the maximum ten-year accreditation from the Higher Learning Commission of North Central.
- A site visit for the nursing program's accreditation was held on Feb. 11 and 12. The program received the maximum five years accreditation from the Oklahoma Board of Nursing.
- Over 300 students were awarded degrees in May 2009.
- The construction of the new Student Services Center was completed in 2009. The 16,600 square-foot facility, designed as a one-stop enrollment center, opened to serve students at the end of the year.
- Federal and State grants in 2009 brought over \$3.4 million in external funding to the College.
- SSC received a \$300,000 (over two years) federal grant to implement a new textbook rental program to help reduce the expense of books for students. The program was implemented in late fall for several core curriculum courses.
- Student enrollment at SSC topped 2,400 in the fall - reaching an all-time high in the history of the institution. The numbers reflect a 20% increase over the previous year.
