

Physical Therapist Assistant

General Information

Program Objective

The objective of the Physical Therapist Assistant Program is to prepare students for immediate employment as a Physical Therapist Assistant. Upon completion of the program, students will receive an Associate in Applied Science in Physical Therapist Assistant and be eligible to take the National Physical Therapist Assistant Licensure Exam.

Program Location

The Physical Therapist Assistant (PTA) Program is the result of a collaborative partnership between Seminole State College and Gordon Cooper Technology Center (GCTC). Students complete general education requirements and technical-occupational support requirements primarily on the SSC campus. PTA lecture/lab courses are completed at the Shawnee campus of GCTC. Clinical coursework takes place at assigned affiliate clinical sites.

Program Accreditation

Graduation from a physical therapist assistant education program accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, VA 22314; phone; 703-706-3245; accreditation@apta.org is necessary for eligibility to sit for the licensure examination, which is required in all states. SSC and GCTC are seeking accreditation of a new physical therapist assistant education program from CAPTE. The program is planning to submit an Application for Candidacy, which is the formal application required in the pre-accreditation stage, on June 1, 2017. Submission of this document does not assure that the program will be granted Candidate for Accreditation status. Achievement of Candidate for Accreditation status is required prior to implementation of the technical phase of the program; therefore, no students may be enrolled in technical courses until Candidate for Accreditation status has been achieved. Further, though achievement of Candidate for Accreditation status signifies satisfactory progress toward accreditation, it does not assure that the program will be granted accreditation.

Majoring in Physical Therapist Assistant

Selecting physical therapist assistant as a major is open to all SSC students and can be accomplished through an advisor just like any other SSC major field of study. However, formal admission to the program is a more rigorous and competitive process. Please see the SSC-GCTC PTA Program website for complete instructions regarding the application process.

PTA Program Application Requirements

1. Completed application
2. Official Transcripts for all collegiate level academic work including degrees conferred

3. Proof of residence (if qualified to receive GCTC points for residence)
4. Evidence of any completed GCTC Allied Health Programs
5. ACT Composite Score of 19 (Taken within the last 5 years)
6. Completed essays
7. Evidence of prior work in a health related field (must include timeline)
8. Documentation of 40 observation hours completed in a minimum of 2 settings on SSC-GCTC PTA Program Observation Form
9. Proof of current CPR
