Sponsored by the SSC Help Center

Oct. 29 1 p.m. & 6:30 p.m
Kelly Haney Center Lecture Hall

Resilience explores how abuse, neglect, and toxic stress can trigger hormones that wreak havoc on the brains and bodies of children, putting them at a greater risk for disease, homelessness, prison time, and early death. While the broader

impacts of poverty worsen the risk, no segment of society is immune. *Resilience*, however, also chronicles the dawn of a movement that is determined to fight back.

Classy Piano Favorites

Performed by International Concert Pianist
PETER SIMON

Peter Simon has created a program that includes many of the most treasured piano music ever written. From "Moonlight Sonata" to "Clair du Lune" to "Sabre Dance" to "The Entertainer" to "Malaguena" to "Rhapsody in Blue," audiences will thoroughly enjoy this "walk down memory lane."
