STORIES OF THE YEAR

COLLEGE CLEARS OUTSTANDING BALANCES ON STUDENT ACCOUNTS

Seminole State College cleared the outstanding balance on more than 860 student accounts through direct scholarships. This move was made possible through the Higher Education Emergency Relief Fund II (HEERF II) monies the College received to offset financial difficulties created by the COVID-19 pandemic. The College committed \$75,000 of these federal funds to clear account balances students incurred for tuition and fees during the pandemic.

No action was required on the part of students. The scholarships were automatically applied to student accounts.

"We understand that the pandemic presented many challenges that prevented a lot of students from achieving their educational goals. We sincerely hope that this will lift some of the burden put on them by the pandemic and that students will return to SSC to finish their degree," President Lana Reynolds said.

SSC EXPANDS VIRTUAL OPTIONS FOR STUDENTS

The year began with SSC making online learning more accessible to students with the launch of its Laptop Loan Program. Later in the spring, the College held a ribbon-cutting ceremony for the virtual learning lounge, a space designed for students to student and connect to online instruction. In the summer, the Online Degree Office was created, launching with three fully online degree programs. Throughout the remainder of the year, the online degree programs would expand to 13, including an LPN to RN option.

Business Items

Item A

Review and consider approval of
resolution supporting current restrictions
regarding guns on college campuses

23
