SSC AND TOURISM COUNCIL PARTNERSHIP HONORED

Seminole State College and the Seminole Tourism Council were among colleges, organizations and businesses honored during a Business Partnership Excellence Awards Luncheon held March 7 at the University of Central Oklahoma in Edmond.

For the past 25 years, the Seminole Tourism Council has supported projects aimed at attracting visitors to Seminole and boosting the local economy. This includes funding more than 100 events, programs, building projects and marketing activities. This \$12 million facility has been a catalyst for other economic development –

including helping stimulate the building of a new housing addition, a hotel, two restaurants and a family fun center.

Initially, the Council matched college funds to support a position designed to help plan the complex and recruit tournaments and events. On subsequent occasions, the Council funded specific projects at the field, such as enhancing the soccer field, fencing the property, purchasing sod for walkway areas and purchasing materials for additional parking lots.

“We are so honored to have our partnership with the Seminole Tourism Council recognized through this awards program. They have been an integral part to the success of the sports complex,” SSC President Lana Reynolds said.

The Seminole State College Board of Regents approved two bids for construction projects on campus, approved entering a contract for fleet management and awarded emeritus status to former Vice President of Academic Affairs Dr. Linda Goeller at their meeting on March 28.

During her report to the Board, President Lana Reynolds discussed campus events and personnel changes.

With the first item of business, the Board deliberated on a proposal from Dave Haynie LLC for the renovation of a classroom in the Haney Center. This renovation will establish a simulation nursing lab and is made possible through a federal Congressionally-directed appropriation awarded to the College in support of its nursing program. The Board approved the bid for the amount of \$199,850.

The second item on the agenda pertained to the review of a bid for an addi-

tional construction project on campus. The College administration recommended a \$53,323 bid from Affinity Corp. to develop a secure parking area dedicated to the College's motor pool.

Then the Board approved a contract with Enterprise FM Trust for fleet management, addressing the institution's transportation needs. Enterprise will help the College liquidate its aging vehicle fleet and purchase new vehicles. Through the agreement the College will be able to replace vehicles approximately every five years. The contract includes roadside assistance and all new vehicles will be under warranty reducing SSC's maintenance costs.

Concluding the meeting's action items, the Board awarded emeritus status to former Vice President for Academic Affairs, Dr. Linda Goeller.

"Dr. Goeller's tenure, marked by her significant contributions as a faculty member, Division
