

Download the SSC App TODAY!

Did you know Seminole State College has a mobile app? The app provides quick access and notifications to campus information such as student services, clubs, events, cafeteria menus, campus map, and easy access to Brightspace all in one location. Student Communication, Student Engagement, and Student Connection are the backbone of our campus community and the keys to your success. The **SSC App** is the perfect place to communicate, engage, and connect with faculty, staff, and peers on campus. **Look for flyers around campus and use the QR code to download!**

Student Communication:

- Find contact information for your advisor, financial aid, and other student services.
- Send messages straight from the app.
- Find friends or study groups.
- See what's on the menu this week in the cafeteria or check-out deals in the bookstore.

Student Engagement:

- Don't miss the next bake sale, blood drive, or game; receive notifications for events around campus.
- Find meeting times and locations for clubs and organizations.
- Locate computer labs, counseling center, and tutoring sessions!

Student Connection:

- Ask questions or share information in the Student Feed using campus wide or private channels.
- Find office hours or food pantry hours.
- Be in the KNOW! Receive notifications for events around campus.
- Access Brightspace.

Download the app TODAY and stay CONNECTED!

NASNTI Assistive Device Loaner Program

When studying or reading, do your eyes get easily fatigued? Do you get headaches? Do the words dance around the page? Do you see color or other distortions? If so, you could be experiencing visual processing difficulties or visual stress. (https://www.youtube.com/watch?v=3or_K4xZUwQ)

Something as simple as adding **color** or using a **color** overlay on the page can help. Finding the right **color** overlay can relieve the stress on your eyes making it easier to read and focus. While some **colors** will help, others may make it more difficult. The best way to find out which **color** works best for you is through trial and error!

Stop by our office, RM 123 Boren Library, to try them for yourself and find out which **color** works best for you! No appointment is necessary.

For more information, please contact k.wallace@sscok.edu or a.ryan@sscok.edu.
