## ***HISTORY***

Seminole State College, established in 1931 as Seminole Junior College, is located in the east central portion of the state in Seminole, Oklahoma, a designated All-American City with a population of approximately 7,500.

Originally organized as an extension of the local high school, classes were held at Seminole High School and taught by high school faculty until 1969. In that year, the Oklahoma State Regents for Higher Education recommended the development of a state-supported junior college which would be separate from the local high school.

Responding to the challenge, Seminole citizens worked with state and local leaders to develop Seminole Junior College. Dr. Elmer Tanner was employed as the college's first president, and classes were offered at the First Presbyterian Church in Seminole.

The community continued its support for the new college by approving a \$250,000 bond issue, by an 8 to 1 margin, for construction of a college administration and classroom building and by donating forty acres for a new campus. In March 1971, the citizens of Seminole approved a one-cent sales tax to help support the college until 1975, when SJC became a fully state-supported institution. At the time, Seminole was the only community in the state of Oklahoma to ever impose a sales tax on itself for the support of a college.

In the spring of 1996, the Seminole Junior College Board of Regents passed a resolution requesting that the Oklahoma legislature and the Governor change the name of the institution to better reflect its institutional mission. The Oklahoma legislature and Governor Frank Keating approved the change of name to Seminole State College in May, 1996.

In addition to Dr. Tanner, the college has been led by ~~three~~ four other presidents. Gregory Fitch served from 1982 to 1987, ~~and~~ Dr. Jim Cook served from 1987 to 1996. ~~In January of 1997, and~~ Dr. James W. Utterback ~~served from 1997 to 2017. In January of 2017, Lana Reynolds~~ became chief executive officer of Seminole State College.

TITLE:

## RETIREMENT

### I. Retirement Eligibility

Eligible personnel who have been employed full-time in the Oklahoma State System of Higher Education for ~~not less than five~~ **at least seven** years *(unless hire date is before or after November 1, 2017, in which it is at least five years)* immediately preceding the date of retirement may avail themselves of ~~early~~ retirement at the age authorized or permitted by the Oklahoma Teachers Retirement System.

### II. Retirement Benefits

#### Social Security

In accordance with federal regulations, all SSC employees are participants in the Social Security System. Social Security provides benefits for retirement, disability, death, and medical expense.

#### Oklahoma Teachers Retirement System (OTR)

All full-time employees and part-time employees authorized by the President may participate in OTR. The College will pay each employee's OTR contribution based on allowable compensation as defined by OTR.

### III. Annuity (Tax-Sheltered IRC 403 (B) Plan)

After a College employee has completed one year of full-time employment, the College President may authorize a contribution of an amount equal to 3.5 percent of the employee's salary into a qualified tax-sheltered IRC 403 (B) Plan. This plan is based on employee and/or employer contributions into one of the approved tax-deferred annuity plans. The combined employee and employer contribution may be as much as is allowable by the Internal Revenue Service.

The employer contribution to the IRC 403 (B) plan will not be made for employees on unpaid leave of absence, unpaid FMLA leave, disability leave, or military leave in excess of 20 days in any fiscal year. The employer contribution to the plan will commence the month after the full-time employee completes the necessary enrollment into a College sponsored IRC 403(b) plan.

The SSC Board of Regents authorizes the President or his/her designee to select companies to offer qualified tax-sheltered 403 (B) Plans to College Employees according to guidelines set forth in the SSC 403(b) Master Retirement Plan.

#### IV. Health and Dental Insurance

All full-time employees beginning full-time employment on or after January 1, 2019, are ineligible for post-retirement health and dental insurance benefits outlined below.

For all full-time employees beginning full-time employment before January 1, 2019, the Seminole State College Board of Regents authorizes continued health and dental insurance premium contributions for employees who retire through the Oklahoma Teachers' Retirement System and have at least nine and one-half years of **continuous** service at Seminole State College.

To qualify for continued health and dental benefits, eligible faculty and staff must be in active, full-time employment, and must submit a formal retirement statement with a request to participate in continued health and dental benefits to the Human Resource office.

Medical and dental insurance will be paid for qualified retirees until they become eligible for Medicare, at the option level the employee is enrolled in at the time of retirement, up to the health and dental insurance contribution amount the College makes for full-time employees. Should the option level in which the retiree is enrolled at the time of retirement cease to exist as an option, the College will pay for the replacement option chosen by the retiree, up to the health and dental insurance contribution amount the College makes for full-time employees.

All full-time employees beginning full-time employment on or after January 1, 2019, are ineligible for the retirement incentive plan outlined below.

For all full-time employees beginning full-time employment before January 1, 2019, the Seminole State College Board of Regents authorizes a Retirement Incentive Plan for employees who retire through the Oklahoma Teachers' Retirement System and have at least nine and one-half years of **continuous** service at Seminole State College.

The one-time incentive payment consists of 25% of the employee's last contracted annual salary with incentive checks issued on July 31, or the last day of the month following retirement, or at a time mutually agreed upon by the College and the employee. The one-time payment would be subject to applicable taxes.

To qualify for the plan, eligible faculty and staff must be in active, full-time employment, and must submit a formal retirement statement with a request to participate in the plan to the Human Resources office by April 1. The employee's retirement date must be effective no earlier than June 30 of the current fiscal year.

Participation in the incentive plan is not automatic. The President must approve final participation in the plan and may suspend or terminate the plan due to financial exigency. The President is authorized to approve exceptions to this policy on a case-by-case basis. All such exceptions shall be reported to the Board of Regents.

TITLE:

### **EXPRESSIVE ACTIVITY POLICY**

Seminole State College (the “College”) is committed to providing an environment where issues can be openly discussed and explored. The freedom to exchange views is essential to the mission of the College. This policy is in place to provide a community environment where open discussion can occur without disrupting the academic mission or daily functions of the College, subject to constitutional time, place, and manner limitations, and without unconstitutionally interfering with the rights of other members of the College community.

#### **I. Disclaimers regarding Expression**

A. Members of the College community enjoy significant free-speech protections guaranteed by the First Amendment of the United States Constitution. This policy is primarily intended to protect members of the College community from discrimination, not to regulate protected speech. No provision of this policy shall be interpreted to prohibit conduct that is legitimately related to course content, teaching methods, scholarship, or public commentary of an individual or faculty member or the educational, political, artistic, or literary expression of students in classrooms and on campus. However, freedom of speech and academic freedom are not limitless and do not protect speech or expressive conduct that violates federal or state anti-discrimination laws.

B. The fact that certain content-based limitations on expression have been established as legally permissible does not create an obligation or responsibility on the College or any of its officials or employees to exercise any form of limitation or control of expression. Rather, because of its educational mission, it the responsibility of the College and its officials to actively encourage free and open inquiry by avoiding and resisting limitations of expression.

C. As a corollary to the College’s commitment to protect and promote free expression, members of the College community must also act in conformity with the principle of free expression. Although members of the College community are free to criticize and contest the views expressed on campus, and to criticize and contest speakers who are invited to express their views on campus, they may not obstruct or otherwise interfere with the freedom of others to express views they reject or even loathe. To this end, the College has a solemn responsibility not only to promote a lively and fearless freedom of debate and deliberation, but also to protect that freedom when others attempt to restrict it.

D. Given the wide diversity of expression that occurs at higher education institutions, the use of any College-controlled facility, area, or medium for any expression shall not constitute or suggest endorsement of the content of that expression, or any proponent thereof, by the Board of Regents, the College, its administration, staff, faculty, student body, or any individual member of those constituencies.

E. Presenters of expression shall assume full responsibility for any violation of law or College policy and procedure that they commit while on College property.

## II. Members of the College Community

A. All members of the Seminole State College community - which includes students, faculty, and staff of the College - are encouraged to exercise the right of assembly, free speech, and expression throughout the campus, when doing so does not disrupt the academic mission or daily functions of the College. **Generally accessible outdoor areas of campus are public forums where members can engage in expressive activities including peaceful assembly, protests.** ~~Expressive activities shall not be limited to any specific location on campus.~~ However, the right of assembly and expression does not include unlawful activity that endangers the safety of the campus community or that destroys College property. Expressive activities are also not to unduly disrupt traffic, either vehicle or pedestrian, or violate other time, place, and manner parameters specified in this policy. Forums, rallies, demonstrations, and other similar expressive activities are not to occur within academic, administrative or other College buildings, including residence halls.

B. Any College community individual or small group (10 or less) may use, without prior notification or request, on any day of the week during daylight hours, any publicly accessible outdoor area of the College's campus to collect signatures, distribute materials, and/or speak spontaneously **and contemporaneously** (without amplification equipment), so long as they do not disrupt the academic mission or daily functions of the College.

C. All College community individuals and groups (more than 10) wishing to participate in forums, rallies, demonstrations and other similar expressive activities should make a request in advance to the Vice President for Academic and Student Affairs or his/her designee (405-382-9272). A request should contain the name of the requestor and how he/she can be contacted; the proposed date, time, and location for the contemplated activity; the expected size of the audience; the topic(s) or subject(s) to be addressed; and any other information which may be necessary to accommodate the needs associated with the activity. The request should be made as far in advance as possible, but in no event less than three (3) working days prior to the activity.

D. The Cook Commons Gazebo area (the "Commons Area"), located north of the E.T. Dunlap Student Union, is a location conducive to expressive activity, including forums, rallies, and demonstrations. While members of the College community are not restricted to this designated public forum to engage in expressive activities, any College community individual or ~~small~~ group (less than 10) may use the Commons Area without prior notification or request on a first come, first served basis. An individual or group who requests and reserves the Commons Area, though, shall have priority over any other individual or group. Once a request is received and granted by the Vice President for Academic and Student Affairs or his/her designee, the Commons Area may be reserved through the Administrative Assistant of the Vice President for Academic and Student Affairs (405-382-9216).

E. Should the Commons Area be unsuitable or otherwise unavailable on the date and time requested, a limited public forum (excluding academic, administrative or other College buildings, including residence halls), as determined by the College, may be made available to College community individuals and groups for purposes of expressive activity. Once a request is received and granted by the Vice President for Academic and Student Affairs or his/her designee, a reservation may be made through the Administrative Assistant of the Vice President for Academic and Student Affairs (405-382-9216). To ensure priority use and to avoid possible conflict with scheduled College activities, reservations are highly recommended. Use of amplification

equipment is not permitted, except in exceptional circumstances and with prior approval from the Vice President for Student Affairs.

F. Denial of any request made by a College community individual or group by the Vice President for Academic and Student Affairs or his/her designee shall be in writing and will be subject to final review by the President of the College in consultation with legal counsel. Final review should in most cases be completed within twenty-four (24) hours of denial of the request by the Vice President for Academic and Student Affairs or his/her designee. If more time is required based on the particular facts and circumstances, the requestor shall be so notified.

### **III. Non-Members of the College Community**

A. All individuals, groups, and organizations who are not members of the Seminole State College community (those who are not students, faculty, or staff) shall submit a written request to the Office of the Vice President for Academic and Student Affairs (Walkingstick Student Services Building, 2701 Boren Boulevard, Seminole, OK 74868) for purposes of expressive activity on campus. Once a request is received and approved by the Vice President for Academic and Student Affairs or his/her designee, non-members of the College community will contact the Administrative Assistant of the Vice President for Academic and Student Affairs (405-382-9216) to reserve the Commons Area, or, a **generally accessible outdoor area of campus** ~~limited public forum~~ as determined by the College if the non-member individual, group or organization is sponsored by a member of the College community. **Location decisions will be based on content-neutral and viewpoint-neutral scheduling, safety, and operational concerns.** Requests made by individual or group members of the College community shall have priority over any requests made by non-members of the College community.

B. The written request shall contain the name of the requestor and how he/she can be contacted; the proposed date, time, the expected size of the audience; the topic(s) or subject(s) to be addressed; and any other information which may be necessary to accommodate the needs associated with the activity. The request should be made as far in advance as possible, but in no event less than five (5) working days prior to the activity.

C. Denial of any request made by a non-member of the College community by the Vice President for Academic and Student Affairs or his/her designee shall be in writing and will be subject to final review by the President of the College in consultation with legal counsel. **Denial decisions will be based on content-neutral and viewpoint-neutral scheduling, safety, and operational concerns.** Final review should in most cases be completed within forty-eight (48) hours of denial of the request by the Vice President for Academic and Student Affairs or his/her designee. If more time is required based on the particular facts and circumstances, the requestor shall be notified.

### **IV. Time, Place, and Manner Parameters**

A. Expression may be limited or restricted with respect to time, place, or manner only as provided for in this policy statement and other related statements of policy such as the Code of Student Conduct and the Student and Employee Handbooks. Such limitations shall be narrowly tailored to serve a significant interest (such as avoiding disruption of regular classes, avoiding the scheduling of two events at the same time in the same facility, and the protection of the public order) and to assure compliance with applicable local, state and federal laws. Any limitations must be both reasonable, content-neutral, viewpoint-neutral, with the latter term meaning that the

limitations shall be applied without regard to the content of the expression for the purpose of the assembly.

B. Limitations may include requiring (a) scheduling and planning with the appropriate authorized designee, (b) restricting or prohibiting the use of certain areas, (c) limiting certain forms of expression in specific areas, and (d) reimbursing the College any cost associated with the use of a facility, area, or medium.

C. In addition to those stated elsewhere in this policy, the following time, place, and manner parameters apply to expressive activities of both members of the College community and non-members alike:

- The activity must not violate local, state or federal laws, or College policies and procedures;
- The activity must not unduly disrupt traffic, either vehicular or pedestrian;
- The activity must not create unreasonable safety risks;
- The activity must not result in defacement or destruction of College property;
- The activity must not make use of amplification equipment, ~~which is only permitted in exceptional circumstances and with prior approval from the Vice President of Student Affairs or his/her designee;~~
- The activity must not exceed two (2) hours in length within a 24 hour period;
- The location must be left in its original condition at the conclusion of the event, and reasonable charges or deposits may be imposed to enforce this requirement;
- Unless sponsored by a member of the College community, a non-member individual, group, or organization shall be limited to engaging in expressive activity **to generally accessible outdoor areas of campus** ~~the Commons Area, following receipt of a written request and approval by the Vice President for Academic and Student Affairs or his/her designee; and~~
- Campus police, in consultation with the College President, are authorized to immediately cancel any campus event if, in their judgment, an unacceptable risk of harm or disturbance, damage, or injury to any facilities, property, participants, or spectators has been reached.
- **Signs or banners will be carried or personally attended always by at least one participant. Unattended displays may not be used.**
- **Vehicles and heavy equipment may not be used in unscheduled expressive outdoor spaces.**
- **No items (e.g., signs, equipment, décor, etc.) may be attached in any manner to trees, bushes, benches, light poles, buildings, or permanent signs.**

## **VI. Student Discipline**

**Protected speech cannot be sanctioned as harassment unless it satisfies the statutory definition.**

**VII. The College may charge security fees for expressive events requiring a permit. The fee shall not be based on the content of the expressive activities, the content of the expression**

of an invited guest, or the anticipated reaction to the expressive activities of a student or student organization or the expression of an invited guest. Imposition of a security fee shall be based on content- and viewpoint-neutral criteria including, but not limited to, the time or location of the event and the anticipated size of the event audience.

## V. Unprotected Speech

The following forms of expression are not entitled to First Amendment protection and are not permitted on the campus of Seminole State College. Speech or expression that is:

Obscene – where a description or depiction of sexual conduct, taken as a whole by the average person, applying contemporary community standards, portrays sex in a patently offensive way, appeals to the prurient interest of individuals, and lacks serious literary, artistic, political, or scientific value;

Defamatory - oral or written falsehoods, which are not merely a statement of the speaker's opinion, that are communicated to a third party, or parties, and would harm another's reputation;

Incitement of imminent lawless action - where the speaker intends to incite unlawful activity, uses provocative words likely to produce such action, and openly encourages such incitement;

Fighting words - confrontational words or threats that provoke immediate violence, words which by their very utterance inflict injury or tend to incite an immediate breach of the peace;

Harassment constituting a hostile environment - unwelcomed speech based on a protected characteristic that is so severe, pervasive, and **subjectively** and objectively offensive that it would effectively **deny equal educational access**; or

True threats - words which communicate a serious expression of intent to commit an act of unlawful violence to a particular individual or group of individuals that places the victim(s) in fear of bodily harm or death.

Training shall be required and provided for all college deans, heads of departments, and individuals responsible for establishing college free-speech policies or handling free-speech complaints. The training will shall be required every two (2) years, or upon hire or promotion to one of the positions described by this section. Training shall be provided for all students in their first year of enrollment.

An annual report will be submitted to the Governor, Legislature, OSRHE Chancellor and the Oklahoma Free-Speech Committee. This report is posted on the College website annually. More information can be obtained from the office of the Vice President for Academic and Student Affairs located in the Walkingstick Student Services building.

- COMMENTS/EXPLANATION AS NEEDED:** The Associate in Applied Science in Engineering Technology program has not met the minimum productivity requirements over the past seven years. During this period, the program has produced only two graduates and has experienced consistently low to non-existent enrollment. Given the lack of student demand and the program's inability to sustain adequate enrollment or productivity levels, it is recommended that the Engineering Technology AAS degree program be deleted from the college catalog. This action will allow institutional resources to be focused on programs that better align with student interests and workforce needs.
