-------------------------------	--------------------

*Tuition/Fees and Book costs are subject to change. Check with the Business Office about current cost. These cost estimates are for the seventy-credit hour nursing curriculum and are an average of available options.

**Immunization costs vary based on what immunizations students may already have or not have, insurance coverage, and costs of office visits.

***Travel expenses vary for the student depending upon the distance traveled to SSC and the site of the assigned clinical requirements. Travel is the responsibility of the individual student.

****NCLEX review courses are optional and do vary in cost. Students may wish to complete at least one additional prep course following graduation to further ensure successful passing of the NCLEX.
