

SEMINOLE STATE COLLEGE

Federal Work Study Information

Student:

If this Work Study Form was listed as a “needed document” in a letter or email to you, it is because you checked yes on your FAFSA for being interested in a Federal Work Study position. Work Study jobs require you to work at a job on campus up to 20 hours per week. If this is not something you are interested in, or you already have a job that would not allow you to be a work study student as well, then you do not have to complete this application. Please notify the Seminole State College Financial Aid Office so that we can remove it from your “missing documents list” so that it does not appear on any more notifications. Please contact our office by phone or email which are listed at the bottom of this page.

Even though you selected yes on the FAFSA for being interested in a Federal Work Study position, this does not mean you are automatically eligible to be a Federal Work Study student. To find out if you are eligible to be considered for a Work Study position, you must first complete your Financial Aid file with the Financial Aid Office. Once your file is complete, a Financial Aid Specialist can let you know if you are eligible for Federal Work Study. You may complete a Work Study application before completing your Financial Aid file, however, you will not be considered for a position until your file is complete and verified that you are eligible.

If you have any questions or would like further explanation on the program, please do not hesitate to come by our office or contact us. All of our information is listed below.

SSC Financial Aid

Phone: 405-382-9247
